B : 53-1/2" 1359 mm

For general information purposes only and may contain optional equipment and/or configurations. Please consult your wholesaler, sales associate or Longevity Acrylics Inc. to obtain current dimensions, specifications, guidelines, options and prices which are available thru Longevity Acrylics Inc current Price Book. Dimensions of fixtures are nominal and may vary +/- 1/2" (12 mm) - Optional equipment, specifications and measurements are subject to change at manufacturers discretion. Position and size of deck mounted faucets vary - ensure proper fitment before installing any deck mounted faucets on any bathing fixture. Unless otherwise specified, the option and grab bar positioning is pre-determined by the seat location. Repositioning the grab bar or seat outside of the compliant zones render the unit no longer compliant. Consult code regulations. Warning: Due to possible water spillage between the lip of the shower and the curtain, Longevity Acrylics recommends the installation of a floor drain outside the unit, in rooms where the units will be installed.

Compliance Certifications meet or exceed the following specifications:

- CAN/CSA B651-04 2006 Barrier Free
- CAN/ULC - S102.2 - M88 Flame Spread FRP laminate rating
- B45.5-11/IAPMO Z124-2011
