Thank you for choosing Longevity

As a Canadian manufacturer of quality acrylic bathware, Longevity Acrylics appreciates the support we receive from the many wholesalers, consultants, engineers, designers, contractors, plumbers and installers of our bathware products.

We are committed to providing consumers the highest quality bathware products available, and believe that this will always be an area where designers & sales associates can actually influence a consumer's choice, based upon construction, finish, availability, and consistency of quality, manufacturing and delivery times.

From our kiln dried lumber bases that remain solid when dragged across a floor; built in pull ropes that allow for ease of movement and installation; or our proprietary hand rolled fiberglass resin that is smooth to the touch, Longevity Acrylics takes pride in the products we manufacture for the Canadian market, and are committed to providing the best service possible to our business partners.

Lifetime Warranty

At Longevity Acrylics Inc. we manufacture our bathware to the highest quality standards in the industry. We are proud and confident in our products that we offer The Best Warranty in the Business. You can relax knowing that your Longevity Acrylics product will provide you with years of worry-free comfort.

Longevity Acrylics Inc. warrants to the original purchaser that its acrylic bathware product(s) will be free from defects in material and workmanship under normal use and service for as long as the original purchaser owns the product.

Silicone Free Leak Proof Joint System

Longevity Acrylics 2 and 3 piece modular bathware products incorporate the industry's only Silicone Free Leak Proof Joint System.

Our unique, smooth, silicone free acrylic on acrylic joint is the only joint system available that eliminates water leakage and requires no silicone in the joint. With no silicone required there is less chance of mould and mildew build up in the joint which can occur when silicone is used.

We use only stainless steel hardware and back our units with the best warranty in the business.
